the discovery of some unusual pictographs engraved into the age old rocks in a remote clearing in the middle of the minnesota wilderness leads to an extraordinary secret that has been hidden in the woods for thousands of years

zanoni first published in 1842 was inspired by a dream sir edward a rosicrucian wrote this engaging well researched novel about the eternal conflict between head and heart between wisdom and love played out by the rosicrucians before the dramatic background of the french revolution he described his book zanoni as a truth for those who can comprehend it and an extravagance for those who cannot following his introduction the novel is divided into seven parts whose titles indicate the sevenfold path of spiritual development the fourth section the dweller of the threshold is the book s centerpiece revealing significant esoteric facts and experiences a novelist a dramatist a scholar an editor and an active member of parliament sir edward was an extremely successful author whose writings were widely read throughout england and europe he poured into this esoteric work all of the ancient esoteric wisdom that he felt he could reveal to the public during an age buried deeply in materialism this work remains one of the great pioneering landmarks of esoteric writing

the secrets the myths and the facts behind washington d c s design and its masonic significance in this groundbreaking original work david ovason reveals the intimate connections between the mysterious zodiacal symbols and the stellar lore of washington d c and the secret plan for the city there are over fifty complete zodiacs in washington d c all witness to an extraordinary stellar mystery why did generations of architects and artists put their lives and energies on the line when designing this city of the stars what was their shared secret language what or who drove them to create a city overflowing with such esoteric symbolism what is the meaning behind the secret symbolism of washington d c s layout and what does it mean for america s future

polarity magic is at the heart of the western mystery tradition though few are aware of its theory and practice even so it constitutes the core of all mythology and mystery teachings it recognizes that the most powerful creative force is found in the fundamental energies exchanged between a man and a woman it exalts rather than negates human sexuality in spiritual and magical endeavor this book explores the hidden traditions of the western mysteries focusing on the divine feminine and the sexual dynamics of magic it shows why the feminine principle must be restored to magic and offers practical magical examples of how this may be done sympathetic reconstructions of priest and priestess rituals are offered which feature ancient historical and mythological couples such as isis and osiris taliesen and ceridwen arthur and gwenevere merlin and gwendydd and akhenaten and nefertiti the magical implications of the relationship between mary magdalene and christ are also addressed also featured in this one of a kind magical volume is advice on forming working partnerships with beings of the faery realm and techniques for the

lone magician who works with inner plane partners

an annual biographical dictionary with which is incorporated men and women of the time

irish lake marvels brings together some of the many stories myths and legends which are associated with ireland s lakes and have been handed down over generations despite their sometimes fantastical nature these stories continue to fascinate and remind us of how little we really know about the world in which we live

roger beck a world authority on mithraism brings together his major writings on the mysteries of mithras in the context of the culture and religions of imperial rome in these studies he opens new vistas on myth making ritual symbolism the role of astrology in the cult recently discovered mithraic monuments and artefacts and the emergence of mithraism and christianity concurrently in the first century beck offers new introductions to his thematically framed groups of writings and adds six entirely new essays published here for the first time these essays link his research to contemporary studies in cognitive science of religion and anthropology of religion this collection will appeal particularly to scholars exploring contemporary aspects in anthropology of religion astronomy and astrology cults and myths images and symbols as well as traditional scholars of greco roman antiquity and christian origins
