education is the cornerstone of any society and it serves as one of the foundations for many of its social values and characteristics mis4tel 24 promotes the interaction among the scientific community to discuss applications of technology enhanced learning solutions targeting not only cognitive and social processes but also motivational personality or emotional factors in addition current trends concerning the use of artificial intelligence can help and augment learning opportunities for learners and educators the 14th international conference on methodologies and intelligent systems for technology enhanced learning mis4tel 24 technical program includes 29 contributions 17 full papers and 12 short papers mis4tel 24 is hosted by the bisite research group of the university of Salamanca Spain we would like to thank all the contributing authors the members of the program committee national associations aepia appia and lasi and the sponsors air institute

the concept of multiliteracies has gained increasing influence since it was coined by the New London Group in 1994 this collection edited by two of the original members of the group brings together a representative range of authors each of whom has been involved in the application of the pedagogy of multiliteracies

this is an open access book international conference on English language and teaching icoelt is an annual conference hosted by English Department of Faculty of Languages and Arts Universitas Negeri Padang it was firstly conducted in 2013 as international seminar on English language and teaching iselt this event consistently invites reputed speakers and having competence in English language teaching from around the world

efforts to prepare students for college careers and civic engagement have traditionally emphasized academic skills but a growing body of research suggests that interpersonal and intrapersonal competencies such as communication and resilience are important predictors of postsecondary success and citizenship one of the major challenges in designing educational interventions to support these outcomes is a lack of high quality measures that could help educators students parents and others understand how students perform and monitor their development over time this

report provides guidelines to promote thoughtful development of practical high quality measures of interpersonal and intrapersonal competencies that practitioners and policymakers can use to improve valued outcomes for students

accelerated substantial progress regarding many fields of production and services imposes pressure upon the labor market employers are desperately looking for skilled workers in nearly all technological fields all over the world this pressure reaches the national systems of vocational education and training along with the output orientation turn new standards are imposed forcing firms and schools to make every endeavor to improve and remodel their programs as well as their practices to reach more and more ambitious goals to be successful they need the results of scientific research from which they demand reliable information on methods to diagnose the state and learning progress of students and on means to foster and promote competencies of heterogeneous groups of learners the book offers 22 state of the art articles covering the central fields of vocational education and training and reporting on new and adequate ways to deal with these challenges

modern societies tend to demand innovative learning modalities in which foreign languages are used to teach content subjects from very early educational stages education authorities in different geographical areas of the world are currently working to determine how bilingual teaching should be developed depending along with many other factors on the initial training of bilingual education teachers on this basis it is necessary to review how tertiary education institutions deal with the theoretical foundations and practical approaches necessary for this learning modality to train bilingual education teachers for primary schools the handbook of research on training teachers for bilingual education in primary schools includes international experiences of teacher training for bilingual education in primary schools in which educators should be able to recognize themselves and identify concrete working formulas to apply in their daily work covering key topics such as teacher training language learning and primary education this reference work is ideal for administrators teacher trainers policymakers researchers scholars practitioners academicians instructors and students

the journal of international students jis an academic interdisciplinary and peer reviewed publication print issn 2162 3104 online issn 2166 3750 publishes scholarly peer reviewed articles on international students in tertiary education secondary education and other educational settings that make significant contributions to research policy and practice in the internationalization of higher education

with internationalization high on the agenda of education providers worldwide the complex relationship between intercultural communication and the international student phenomenon deserves close study being an international student is a great opportunity to be exposed to a new language and culture and to develop intercultural communication skills traditionally the phrase international students refers to those who undertake all or part of their education in a country other than their own for present purposes though we adopt a broad definition of the phrase to include transnational education the students who are often regarded as international students by their awarding institutions the number of international students pursuing tertiary education reached 6.3 million in 2020 up from 2 million in 2000 and this number continues to grow unesco institute of

statistics 2023 the recent decade has also seen a tremendous expansion of the especially during the covid 19 pandemic both in terms of size and scale the is the delivery of education in a country other than the one in which the degree granting institution is based the takes many diverse forms including dual degrees joint institutes and international branch campuses to name but a few in many cases students can get a foreign degree without ever leaving their home country or region research on international students is often scattered across different disciplines including communication education psychology and language and linguistics the field of intercultural communication a term often used interchangeably with cross cultural communication investigates how people from different cultural backgrounds communicate the combination of intercultural communication and international students is a broad and fascinating topic of research extant research on the topic has mainly focused on the following areas international students perceptions of intercultural communication the difficulties faced by international students and the correlations between different variables e g intercultural communication competence and effectiveness intergroup anxiety intercultural sensitivity attitude towards other cultures meta stereotypes sensation seeking ethnocentrism empathy mindfulness and motivation to engage in intercultural communication these studies have offered valuable insights into the predictors of intercultural communication competence and effectiveness and the pathways for developing this competence and effectiveness however intercultural communication and international students is a complex topic that requires a multifaceted approach that transcends disciplinary boundaries research on the topic is lagging behind the growth of student numbers and there are many gaps and underexplored areas for example the students have rarely been studied from an intercultural communication perspective and international students perceptions of intercultural communication are much less explored than those of faculty and home students additionally while academic advising has been found to be vital to international student success academic advisers have reported a lack of institutional training on how to deal with international students the actual intercultural interactions of and with international students have rarely been studied in detail against this background this research topic seeks to create interdisciplinary dialogue and cooperation exploring the gaps and underexamined areas of intercultural communication and international students themes to be addressed include but are not limited to the following language and communication intercultural communication competence and effectiveness intercultural interaction international student experience transnational education the internationalization

there is a need for a book that fully examines the specific and unique awareness knowledge and skills that are necessary for student affairs and other practitioners to be effective and ethical in their helping counseling and advising roles this book addresses the core assumptions and underlying beliefs that impact the helping counseling and advising roles and skills that are central to higher education it synthesizes and integrates information from traditional counseling therapy texts and offers examples of how to utilize such skills within student affairs written for faculty members and professionals

covers theoretical psychometric and practical issues related to the assessment of competencies in educational and vocational settings this book is suitable for researchers interested in theoretical and psychometric background of assessment and for readers interested in practical aspects of computer based assessment and evaluation
